SYNOPSIS

A pregnant scientist, a couple and a cat obsessed with butterflies deal with transformation. Their memories merge into a dream-like exploration of perspective.

EXTENDED SYNOPSIS

Three narratives merge into a dream-like exploration of perspective. Two boys draw each other. A cat obsesses over butterflies. A scientist gives birth.

The images that compose their narratives merge into a strange visual exploration of their stories, while playing with perception and seamlessly linking moments of birth and transformation.

TEAM

Vier Nev

DIRECTOR / MULTIDISCIPLINARY ARTIST

Xavier Neves, also known as Vier Nev, is a Portuguese director and multidisciplinary artist. Vier studied Multimedia at Escola Superior de Artes e Design (ESMAD). They have developed AR exhibitions as well as VR experiences.

Vier uses perspective, framing and negative space in order to paint images with multiple visual interpretations. Vier is interested in creating experiences that challenge the viewers's perception and explore the artistic potential of emerging technologies, with a particular interest in cinema and Virtual Reality.
